CITE TRAFFIC STATISTICS;
BUILD NEW BRIDGES IN POLAND

HEAVIEST TRAFFIC POINTS IN WARSAW -- Trybuna Ludu, No 60, 1 Mar 50

The Slask-Dabrowa Bridge and Marszalkowska Street are two of the busiest
thoroughfares in Warsaw. On an average around 1,100 vehicles pass through hourly.
Bracka Street was rated in this same category until only recently.

The Poniatowski bridge and viaduct is rated as the third busiest thorough-
fare with 800 vehicles an hour. About the same number of vehicles travel over
the East-West Highway each hour.

TEST AUTOMATIC TRAFFIC LIGHTS -- Express Wieczorny, No 99, 11 Apr 50

In April, 1950 automatic traffic lights were installed on Warsaw's Jerozolim-
skie Avenue and Starynkiewicza Place as an experiment. If results are favorable,
Polish-made traffic lights will be installed at intersections of all main streets,
eliminating the need for traffic police.

NEW BRIDGE OVER CZERNIAKOW LAKE -- Rzeczpospolita, No 75, 16 Mar 50

A new wooden bridge will be built over Czerniakow Lake. The bridge will re-
place the footbridge over which pedestrians and vehicle traffic now reach Siekierka
village.

NEW POZNAN BRIDGE -- Trybuna Ludu, No 85, 26 Mar 50

A bridge now under construction in Poznan is to be named after Juljan Marchlew-
ski.
